

Center Street Lending

Quick capital without complication

NEED RESIDENTIAL INVESTMENT FINANCING?

We are a leading private finance company that offers residential real estate investors asset-based financing on qualified collateral in as little as 24 hours. Our loan approvals are based on the value of the property securing our loan, not a borrower's credit profile. Our loan programs are designed for investors who purchase residential properties, repair and/or improve the properties and then resell or rent the property.

TESTIMONIALS:

“There is no way I would have been able to close on my purchase in the time I did if it wasn't for Center Street's rapid funding. They were quick and efficient right down to every detail.”

- Murrieta, CA

“Center Street exemplifies a professional lender. They are a first class organization that understands the needs of a residential investor. I look forward to doing more business with them”
